TREASURER HILLS LEAVES.
 As succeeded at Trust Company by
 H. M. Huber.

Philip S. Hills, who recently resigned
 as treasurer of the Willimantic
 Trust company, gave up the duties
 Tuesday evening to his successor, H.
 M. Huber, and will spend the next
 two months in a vacation from the
 arduous work which he has been dis-
 charging. His future plans are not yet de-
 termined.

Mr. Hills has been with the trust
 company since it started business, a
 period of some five years, and was ac-
 tively connected with the foundation
 of the institution, in the sale of stock,
 and other preparatory matters, before
 that time, so that it can safely be said
 that a great part of the success of the
 bank has been due to his manage-
 ment.

During the five years in which Mr.
 Hills has been treasurer over two hun-
 dred thousand dollars of loans have
 been put out, and not a cent of either
 principal or interest has been paid
 out, while the institution has grown
 steadily in all departments.

Mr. Hills leaves for the White
 mountains next week for a fortnight,
 and upon his return will spend some
 little time in Easternham, before ac-
 tively engaging in business again.

Political Small Talk.
 With the time of fall elections draw-
 ing near, and one caucus already called,
 politics is again occupying the
 minds of the voters. This fall there
 will be a town and city election, with
 full tickets to be chosen. It is a lit-
 tle early to talk of the city election,
 as most people feel that the town
 should be disposed of before interest
 in the city election, which occurs on
 a later date, is stirred up.
 So far no one has been heard of as
 looking for the democratic nomination
 for first selectman, but the present
 incumbent, E. E. Mitchell, and Mr.
 Mitchell states he is not going out
 of his way to get the nomination, nor
 does he desire it. It is known, how-
 ever, that the industrial members of
 his party hope to see Selectman Mit-

Now Are the Days Children Need Care

Summer Heat Dangerous
to Little Ones if Bowels
Are Neglected

A mother cannot do better for her
 child than to train it from early in-
 fancy to regular habits, not only as a
 preventive against much of the ill-
 ness to which children are more or
 less subject, but also to insure their
 health in later life.

Normal activity of the bowels is the
 basis of sound health. This is es-
 pecially true with children in hot
 weather. Do not neglect any ten-
 dency toward constipation, but
 promptly administer a gentle lax-
 ative, that will carry off the congested
 waste without shocking the system.

Dr. Caldwell's Syrup Pepsin has
 been the standard remedy in coun-
 ties for a quarter of a century and
 thousands of mothers testify to
 its virtues. If you have never used
 it, get a bottle from your druggist
 or write for a free trial bottle to Dr.

Close of Art Exhibition.
 Mystic's second annual art exhibi-
 tion closed Sunday after an unsuccess-
 ful ten days' show, the attend-
 ance being larger than a year ago.
 Sunday afternoon the exhibition was
 opened free to all public and despite
 the rainy weather there was an at-
 tendance of about 500, including many
 from Stonington and other places
 in the vicinity. The exhibition has
 attracted much attention this year
 in Connecticut and part of Rhode Is-
 land and out of town daily visitors
 to the show have been numerous. The
 assembly hall of the Broadway school
 has been found to be just the place for
 such an exhibition.

SUBMARINE WHICH STRUCK
ARABIC MAY BE LOST.
 German Admiralty Has Not Received
 Any Report of the Sinking.

Berlin, Aug. 31, via London, 7:50 p. m.—
 The German admiralty today ad-
 vanced the suggestion that the sub-
 marine which may have torpedoed the
 steamer Arabic possibly had foundered
 or had been sunk by the British. A
 high official of the admiralty, in again
 declaring that absolutely no news on
 the sinking of the Arabic was as yet
 available.

"Would it not be lamentable if the
 submarine should have been lost and
 we should never learn what happened?
 So they said the submarine was
 should in all probability have the de-
 tails by the end of August, or early in
 September at the latest. Most of our
 boats which were on the west coast of
 England at the time have now returned,
 but none so far knows anything
 about the Arabic."

"It probably will be possible within
 a very short time—I cannot say pre-
 cisely how many days—it will be our
 apprehensions regarding the sub-
 marine are correct."

The official would not say whether
 or more of the submarines in ques-
 tion still were out, nor how long any
 one vessel had been away from its
 base, but stated suggestively that
 they seldom remain out longer than
 three weeks, and we usually get a re-
 port on any torpedoing operations in
 from eight to fourteen days—rarely
 later than a fortnight after the occur-
 rence."

FUNERAL OF JOHN D. LONG
 MARKED BY SIMPLICITY.
 Service Consisted Only of Scripture
 Reading and Prayer—No Eulogy.

Hingham, Mass., Aug. 31.—The fun-
 eral of John D. Long, former secre-
 tary of the navy and once governor of
 Massachusetts, was held today and
 was marked by extreme simplicity. The
 service in the Third Unitarian church
 consisted only of scripture reading and
 prayer.

For an hour the body had lain in
 state and was viewed by virtually all
 of the former governor's fellow towns-
 men. Business was suspended for the
 afternoon, bells were tolled and the
 residents wore little bows of black
 ribbon. There was a profusion of
 flowers.

The service was read by Rev.
 Charles E. Park of Boston, who was
 assisted by Rev. Louis C. Cornish, sec-
 retary of the American Unitarian as-
 sociation.

Governor Walsh, Lieutenant-Gov-
 ernor Cushing, the members of the ex-
 ecutive council and several former gov-
 ernors and members of Governor
 Long's council were present. The
 Massachusetts Bar association was
 represented by Richard Olney and Robert
 M. M. M.

Burial was at Hingham cemetery, to
 which Company K, Fifth regiment, M.
 V. M., escorted the body from the
 church.

DOZEN BOSTON FIREMEN
OVERCOME BY GAS.
 Were Dragged from Cellar of Building
 Where They Were Fighting Fire.

Boston, Aug. 31.—A dozen firemen,
 some of them unconscious from gas
 fumes, were dragged by comrades from
 the cellar of the building at the cor-
 ner of Commercial wharf and Atlantic
 avenue today when a fire broke out
 fighting burned away the connection
 of a big gas meter, allowing the gas
 to flood the apartment. As they were
 removed from the cellar the firemen
 were placed in a row on the sidewalk
 and hurried care was sent for am-
 bulances. Only four, however, were so
 badly overcome that they were taken
 to a hospital. The fire, which started
 from some unknown cause, damaged a
 wholesale tea and coffee warehouse to
 the extent of about \$20,000.

Reach Down in that Old Bottom Drawer

and get out a fresh pipeful of LIBERTY.
 Man, that's tobacco satisfaction for
 you! Just like old times, ain't
 it—when you used to work
 on the outside, before you
 took the inside job. And
 the old LIBERTY habit is a
 mighty good habit, too.

A naturally sweet, juicy
 chew or rich, fragrant smoke
 of ripe Kentucky tobacco,
 aged for three to five years to
 bring out all the mellowness
 and smoothness—that's

LIBERTY

 isfying as a square meal—the standby of the
 he-boys with vigor and vim in them.

Those rich, juicy strands of pure LIBERTY

A week's trial will prove that LIBERTY can
 keep right on satisfying you, day after day.
